Description of Request Records

After receiving your request, the Bulloch County Sheriff's Office will notify you within three (3) business days if there are records responsive to your request and if the records requested are subject to release (O.C.G.A. § 50-18-71). The response will be provided in written format and will be sent via email when possible.

Responses shall include the cost to search, retrieve, copy, redact, and/or supervise inspection of the requested document(s). The cost represents the hourly rate of the lowest paid full-time employee who, in the opinion of the Sheriff's Office, has the necessary skill and training to respond to your request.

Depending on the type of information requested, charges may be incurred.

Some records are not readily accessible. In these instances, a timeline will be provided as to when the records will be available.

All Open Records Requests must be submitted to the designated "Open Records Officer" for the Bulloch County Sheriff's Office. Any requests for records that are served upon any other officer or employee shall not be deemed filed, until the requester has filed his or her request with the Open Records Officer. You may contact the Open Records Officer either via email or by contacting her directly at:
